

JJB3014GH-01M-2 x 4

Semi-Professional Overlock Machine

A compact 2-needle, 4-thread high-speed overlock machine crafted for home use.

Redesigned from an industrial model, it delivers smooth, efficient sewing anywhere—ideal for semi-pros, small studios, and home workshops.

Features

- **Integrated Compact Thread Stand**

A space-saving thread stand built directly into the table.

- **Pedal-Controlled Speed & Presser Foot Lift**

Both sewing speed and presser foot lifting can be smoothly controlled by the pedal for hands-free, efficient operation.

- **Multi-Voltage Motor (100V / 220V)**

A dual-voltage motor that easily switches between 100V and 220V for flexible use in different regions.

Specifications	JJB3014GH-01M-2x4
Max. Speed	4000 rpm
Needle Type	Organ DCx27 #9
Stitch Length	1 ~ 3.8 mm
Presser Foot Lift	5.5 mm
Needle Bar Stroke	24.4 mm
Diff. Feed Ratio	Front-to-back movement (Ratio 0.7~2)
Gauge Size	2mm x 4mm
Application	Plain seaming
