

NB series

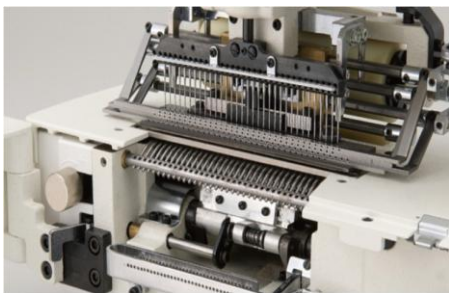

NB•BX series are flatbed, multi-needle double chain stitch machines.

This series is multi-purpose such as attaching elastic, attaching waistband, sewing the front of shirts, attaching line tapes, smocking and shirring, etc., which are ideal for underwear, sports wear, lady's wear, interior decorated goods (curtains, table cloths, etc.).

There are 25, 33 needle available due to vertical movement of the looper and also many kinds of gauges which are selectable according to your needs.

The smocking models PSM & PSSM are equipped with 4 spreaders for the decorative threads. This enables a greater variety of different designs.

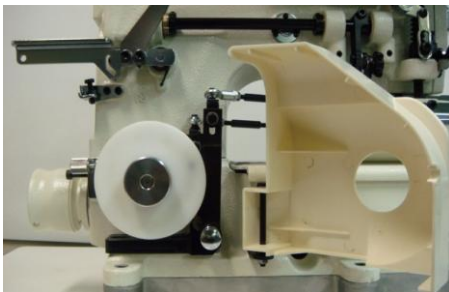

Features Of The Machine

- **4 spreaders**
For the decorative thread provides the number for design patterns

- **No-tool cam changing**
Without any tools, you can open the cam cover and change the cam easily.

- **Lever-type adjustment**
Feeding amount can be changed only with a lever
(enables to make partial shirring during sewing)
