

Semi-automatic waist banding machine

DLR1509WPA-1C/DD

6 needle flat bed, double chain stitch machine for denim waistband attaching. The machine equipped with a fabric cutter, skip stitch device and foot lifter

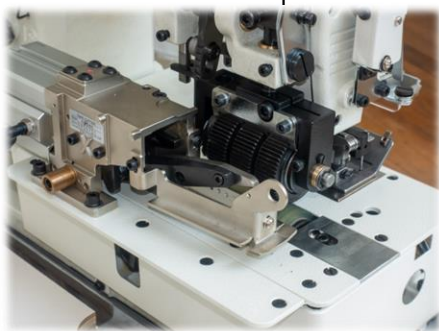

Skip stitch mechanism

Stitch is not sewn once skip stitch is turned on by knee switch. It is not necessary to remove thread and thus saves operation time.

Tape cutter device

Band tape can be cut by pushing a switch on side cover. Operator performance will increase!

Separate driven pullers

The movement of top & bottom pullers are able to adjust separately.

Direct drive motor

Powerful running and high efficiency!
