

4 needle, 6 threads, feed-off the arm flat seamer

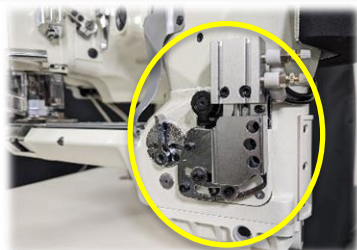

NFS6604G2FMH-H-V-DD+CD

NFS6604G2FMH-L-V-DDE

4 needle, 6 threads, feed-off-the arm flat seamer machine, for medium to heavy knitwear material. This time, the basic design has been revised to further improve usability while maintaining the proven functions.

feature

Stitches can be adjusted with the air control. This is useful when sewing fabrics of different thickness or at the end of a sewing.

Differential feeding movement can be changed from 1 : 1.5 to 1 : 0.5 with switching the position of feed rocker.

Operator friendly cushion pad

The new mounting base makes height adjustment easier. It can be adjusted to match the operator's height.

Model "NFS6604G2FMH-L-V-DDE" is equipped with an electric foot lifter and an electric suction device. It can be used in plants without air compressors.

Model Name	Application	Material	Needle	No. of threads	Needle gauge	Needle bar stroke	Stitch length	Diff.Feed ratio	Presser foot lift	Operating speed
