

Belt-loop maker with front trimmer and puller

NW2202GPC-BK30-DD

2-needle, flatbed, bottom cover stitch, beltloop making machine with front trimmer and puller.

It is easier to use and has reinforced oil leakage prevention.

Technical improvement

1. DLC(Diamond Like Carbon) coated needle bar
2. Closed oil circulation mechanism
3. Oil seal protects oil leakage in stitching area
4. Lower vibration, lower sound
5. Stitch length can be adjusted by pushbutton

Features

1: The support (front) presser foot is independent from main presser foot, so it can be easily detached and also it has a stopping function to keep at lifting position. Therefore, it is extremely easy for the positioning of folder when starting to sew.

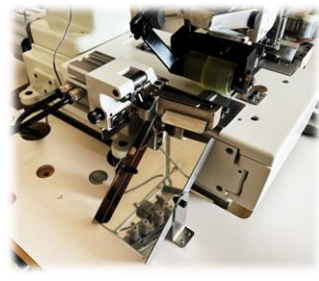

2: Equipped with new adjusting dial of lower knives.

Both spring pressure of right and left lower knives can be equally adjusted by this dial.

3: Adjusting knob enables you to fine-tune the cutter easily and produce belt loops

from 8mm up to 20mm. For the width over 16mm, the special wide needle plate and feed are available.

The attachment folder size
12mm for 1/4" or 10mm for 7/32", 3/16
Fabric cutting size can be adjusted
easily by knob

Front
BACK

※Loop size 8mm~20mm

BK30 device

The automatic cutting device [BK30] counts the needle stitches and automatically cuts them to the specified belt loop length after sewing. Adjustment range: 1 stitch to 255 stitches
