

Double chain stitch, feed-off-the-arm machine

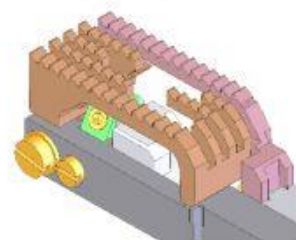

SQ7803LR-PHB-AP/CS4/DD/PT

3 needle, double chain stitch, feed-off-the-arm machine, with a differential feeding system and newly designed belt puller for extra heavy duty denim etc.

Lap seam sewing.

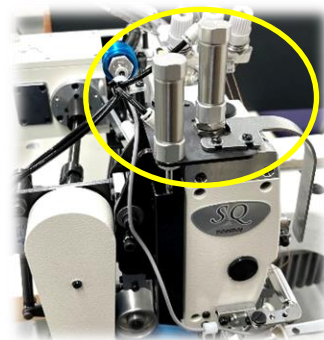

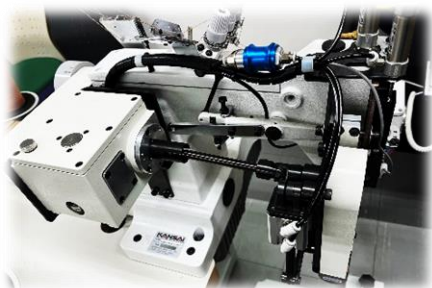

•Differential feed dog system

Left and Right differential feeding effects to prevent puckering for stretch Jeans

•Oil filtering system

"Automatic lubrication mechanism" and clean oil circulation with a filter for long durability. High-speed rotation (5000rpm) is also possible.

•Original belt puller system!

Newly developed original puller system realizes more powerful fabric feeding. Cross seam portion on heavy materials, can be finished smoothly and beautifully.

•Pneumatic presser foot lifter

Presser-foot and puller are lifted up with less power of treading

Model Name	Application	Material	Needle	No. of threads	Needle gauge	Needle bar stroke	Stitch length	Diff.Feed ratio	Presser foot lift	Maximum Speed
