

JJ3014GH-01M-2x4-ASG-2

Semi-automatic serging machine

2 needle, 4 thread, semi-automatic, serging machine.

In this model, a sensor detects the edge of the denim fabric and the device controls the fabric and sew it automatically.

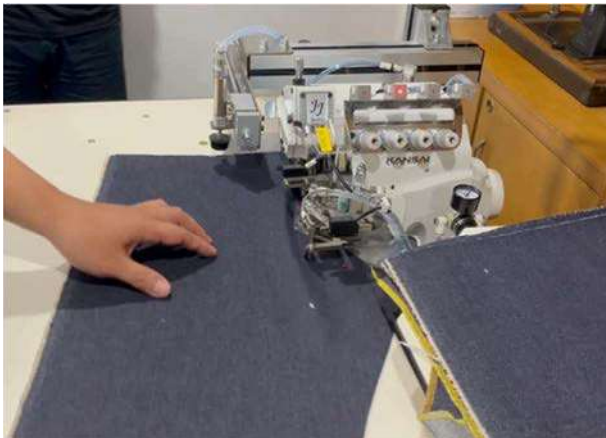

Feature

Semi-automatic function

Operation settings, such as the speed after the sensor detects the fabric, can be easily changed from the LCD screen.

The workload of the operator is greatly reduced.
